PROGRESS.

*The Life of the Land is Established in Righteousness.*

HONOLULU, OCT. 27, 1893.

### Justice will be Done

#### Self-Government for Hawaii

Hawaiians will Vote.

Latest from Washington.

Washington, October 19.—The navy of the United States has never yet been used to place Kings or Queens on their thrones yet, unless the administration Democrats are ill advised, it is the purpose of President Cleveland that the marines of the United States shall be ordered in certain contingencies to place Queen Liliuokalani upon the throne of the Hawaiian Islands. "Paramount Blount" of Georgia is said to have made the recommendation that the question of restoration shall be submitted to the suffrages of the Kanakas, coolies and all the rest, and those who are familiar with Hawaiian matters say that means a restoration of the monarchy.

### Late Foreign News

The R. M. S. Mariposa which arrived this morning, brings no news of special importance. The American Minister to Hawaii Mr. Willis did not arrive as expected. He will come by the Australia due here next Saturday.

Although Blount's report, has not been published yet private advices from Washington as well as despatches to the different Western papers state that he recommends that a plebiscite be taken in Hawaii under the auspices of the United States, and that eventually the forces of the United States be used for the restoration of the monarchy or whatever form of government the people of Hawaii may desire. After a proper self-government has been established a treaty will be proposed and laid before Congress. The tenor of such treaty although not fully arranged in the details, will mean an implied protectorate with guarantees against foreign interference and internal disturbances by filibusters and adventurers. Mr. Theo. H. Davis, has been interviewed in Victoria (B. C.) and has refuted the ridiculous assertion that there exists or ever existed a "Princess party" in Hawaii. In the Senate, the Cleveland administration has not made much progress with the repeal-act of the silver-bill, and the outlook is that a compromise will be effected. The Act which virtually repeals the Geary exclusion Act at least for the time being, passed Congress on the 6th inst. with three amendments offered by Mr. Geary. The Act amends and extends the Chinese Registration Act and will materially help to solve the difficult Chinese question.

The Fair will close on the 30th

inst. with great pomp. The day of closing, will be celebrated as the Columbia day. President Cleveland has been invited, but it is considered doubtful whether he can leave Washington at the present time.

The American yacht Vigilant, beat the British yacht Valkyrie for the third time and won the American cup.

It is rumored that the Chicago millionaire Philip D. Armour intends to make another donation of \$500,000 to the Armour Institute.

Negotiations for the sending of the big tug Fearless from San Francisco, to assist the wrecked Miowera have been pending, but it is believed that the scheme has been abandoned. Captain Metcalfe arrived here by the Mariposa with all necessary apparatus to take off the wreck, if possible.

The Mayor of Brooklyn, has stated that the great fight arranged between Corbett and Mitchell, will not be allowed to take place on Coney Island. It is not known yet what the result of this decision will be.

J. Willett's blk-h "Silkwood," (by Blackwood-Mambrino dam by Hiram Woodruff) beat the coast record for pacers at Los Angeles on October 18th, winning three straight heats in 2:51.2.09-2.11.

The British man-of-war Champion, was making ready to leave for Honolulu according to a Victoria despatch of the 16th inst.

From Europe the most noteworthy event is the excited and enthusiastic reception in France of the Russian fleet. In spite of the warnings of President Carnot and the special request of the Czar, the French seem to have lost their heads, and made the visit an occasion for the most violent, and warlike demonstration against Germany. The cholera is not abating, and new cases are reported both from Italy and Germany.

Marshal Mac Mahon, France's greatest general of the day is dead. He was born in 1808, and made through his life a most brilliant career. He was elected President of the French Republic in 1873, and resigned his office in 1879, and has since lived in retirement.

Another notable man whom death has claimed, is Charles Gounod the celebrated composer. He was born in 1818, and attained great fame as a composer both of sacred music and operas. Besides his master work Faust, the most noted works of his are Romeo and Juliet and the Tribute de Zamora.

#### SAMOAN OFFICIALS.

They Pass Through on the Mariposa.

Hon. Henry C. Ide and family of Vermont and Mr. Wm. Lee Chambers of Alabama, are through passengers by the Mariposa bound for their new home in Samoa. Judge Ide who was formerly one of the Land Commissioners of Samoa returns to Apia as Chief Justice of the islands to succeed Baron Cedarcrantz. Mr. Chambers takes the place of Mr. Ide as Land Commissioner. He was formerly a law partner of Secretary Herbert of the navy.

## THE HAWAIIAN TREASURY.

OCTOBER 18th.

Outstanding Bonds \$2,654,200 00  
Due Postal Savings Bank ..... 540,143 79  
Treasury and P. M. G. Notes ..... 229,000 00  
Net Indebtedness. \$3,423,343 79

OCTOBER 25th.

Outstanding Bonds \$2,644,200 00  
Due Postal Savings Bank ..... 542,917 13  
Treasury and P. M. G. Notes ..... 229,000 00  
Net Indebtedness. \$3,416,117 13

It will be seen by comparing the above two tables that the amount of "outstanding bonds" has decreased \$10,000, and the amount due the "Postal Savings Bank" is increased by \$2,773.34, making a total reduction in the Public Debt of \$7,226.66.

That looks very encouraging, especially when an increase in the Debt of about \$10,000 was expected, would have been the showing. That such a result has really been the case is hard to believe, as the "Organ" of this morning does not refer to the subject at all.

Another thing which is apt to make the "taxpayers" incredulous, is the fact, that the list of the expenditures in yesterday's financial statement, does not contain any item covering that amount, or for that purpose; nor is the amount of \$10,000 for payment on account of the "National Debt," to be found in the "QUARTERLY" Treasury Statements of September 30th. or of June 30th. of this year.

But in the yearly statement of the receipts and expenditures of the Hawaiian Treasury for the year ending March 31st, 1893, is a record of an amount of \$10,000 as having been drawn from the appropriation for "National Debt falling due," which left the balance of \$200 still to be paid during the present period. Whether this amount of \$10,000 was paid before the 17th of January or after? perhaps the Finance Minister will kindly enlighten the "tax-payers."

Will the Finance Minister also kindly impart the following information to the "tax-payers." What was the Treasury balance on the 17th. of January last? What was the amount of Cash on hand in the P. S. bank on the same date?

The following passengers for Honolulu arrived on the steamer Mariposa this morning—Rev. R. K Baptist, Mrs. Capt. Berry, E J Borman wife and two children, Miss Annie Foster, J J Foster, R R Foster, Judge Wm. Foster, A Fries, Mrs. W P Garritt and child, T H Gibson and wife, W W Goodale, Mrs. G E Hendee, Miss Adeline Hendee, Miss E Hendee, Lagi Bros, P McLane, Capt. Metcalfe, Dr. I Mori, W S Nicoll, Miss Ethel Rice, W M Taylor, Mrs. Henry Tileston, Clarence Warner, Mrs. M E Warner, E A Williams, H M Whitney, Miss Ada B Whitney, Master W L Whitney.

## ANOTHER FAKE.

The Honolulu Correspondent to the Chronicle is not a very clever young man. No body has ever accused him of enjoying an overdose of brains, but he is extremely fertile in his imagination. If he uses that gift when he dispenses patent medicine or mixes pills we will pity his customers. The latest fake which this hopeful youth dishes up to the Chronicle readers appears in the issue of the 18th, and tells the California people that, "Within the time elapsing since the last mail arrived interviews with several of the prominent royalists of Honolulu have developed the fact that there was a disposition on their part to organize for an emergency."

One of them said: "If we find the United States will not restore the Queen we'll fight." Investigation showed that meetings were being held for the purpose of organizing a coup d'etat in case the expected adverse word was received from the United States.

The authorities admit that they know all about the matter and say there have been several meetings to overthrow the Provisional Government, but that Government is healed."

We do not know if the Government here enjoys such lies, if it doesn't we should suggest that it uses its "heels" to kick some truth and decency into the carcass of the Chronicle correspondent.

The canard above printed is nothing though in comparison to the following dose:

"Although Robert Louis Stevenson had positively denied that he was here otherwise than for his health, it is now positively known that his visit to Honolulu has a deep political significance."

The Germans have promised to bundle Mr. Stevenson, "bag and baggage," out of Samoa in case Germany gets a pretext to annex those islands. It has been learned that his mission here is to study out some plan to prevent Germany from annexing these islands, so as to save his Samoan estates."

Mark, that although Mr. Stevenson himself tells that he is only here for his health the brilliant pup who has access to the Chronicle columns knows better and is aware of some deep plot through which Germany can be prevented from annexing Samoa.

It is about time that the learned Attorney-General rings down the curtain, telephones to Billy Auld and get the idiotic "correspondent" confined in a padded room.

## Kix.

Wealth does not bring contentment.

And none gets what he axes; For if he did, he'd want the earth.

And growl about the taxes. —Truth.

## A Wretch.

"He's an awful bad man."  
"Why?"  
"Promised his wife on her death bed he'd never drink again, and now I hear he's taken a saloon passage on a steamer."  
—Truth.

## THEO. H. DAVIES TALKS.

Victoria (B. C.), October 15.—Theophilus H. Davies, guardian of Hawaiian Princess Kaiulani, is here awaiting the sailing of the steamer Miowera, on which he returns to Honolulu. It was Davies who organized the party accompanying the Princess to Washington when she went to state her case to President Cleveland.

An interesting event in Kaiulani's life occurs to-morrow, when she attains her majority. The Princess will winter at Wiesbaden. Speaking about her and her plans, Davies said: "There has been a great deal said and telegraphed about the relation the Princess bears towards the Queen. They talk about the Princess being willing to take the throne. Now, her position is simply this: The Princess is perfectly loyal to the Queen; there can be no question of her taking the throne during the Queen's lifetime except at the Queen's request; so all this talk to the contrary is entirely unfounded. It is a question that never has arisen and can never arise."

She has been represented as heading some other party. There is only one party of the Hawaiians, and they are represented by the Queen and the Princes, as her heirs. The Princess went to Washington not in her own interest, but in those of the Hawaiian throne and nation.

As to the future of the Nation, as far as the United States is concerned, Davies is of the opinion that Cleveland will refuse either to annex or "protect" Hawaii, unless satisfied that the Nation wants it. Every official of the United States Government with whom Davies had dealings, he said, has inspired him with the belief that justice is intended toward Hawaii.
